About the College:

Dishari College of Education, established in 2012, and situated in Burdwan, West Bengal, is a recognized institution dedicated to academic excellence in teacher education. The college strives to develop professionally competent, ethically grounded, and reflective educators through well-structured academic programmes and evidence-based pedagogical practices. It is enriched by a team of expert faculty members, well-equipped laboratories, and adequate instructional facilities that support rigorous teaching–learning processes. Emphasizing research orientation, experiential learning, and community engagement, the institution systematically integrates theory with practice, thereby contributing to quality education and sustainable professional development.

Concept Note:

Artificial Intelligence (AI) is rapidly transforming the field of education by reshaping how teaching, learning, and assessment are designed and delivered. In the context of teacher education, AI acts as a powerful tool for enhancing pedagogical skills, supporting personalized learning experiences, and strengthening professional competence. The seminar explores the transformative role of AI in teacher education with a focus on curriculum innovation, assessment reform, and enriched teaching-learning processes. It highlights the use of AI for individualized instruction, adaptive assessment, and experiential pedagogical practices. Emphasis is placed on developing 21st-century skills, promoting lifelong learning, and ensuring ethical and responsible use of AI in education. Adopting a multidisciplinary perspective, the seminar aims to prepare pedagogical practitioners to equip future learners with critical competencies while upholding moral values, equity, and human-centered educational practices in an AI-driven world.

Sub Themes

The national seminar intends to address but not limited to the following sub-themes.

- AI and Teacher Education Curriculum Reform in India
- AI-Enabled Assessment Practices in Teacher Education Institutions
- AI in Teaching–Learning Processes: Pedagogical Innovations
- Preparing Future Teachers for 21st-Century Classrooms through AI
- AI for Inclusive and Equitable Teacher Education
- Ethical, Moral, and Human Values in AI-Integrated Teacher Education
- AI and Professional Development of Teachers: Lifelong Learning Perspective
- Role of AI in School Internship, Teaching Practice, and Classroom Readiness
- Challenges and Opportunities of AI Adoption in Indian Context of Teacher Education
- Future of Teacher Education in India: Human-AI Collaboration
- Future Trends and Innovations of AI in Teacher Education
- AI and Digital Divide in Teacher Education
- AI for Outcome-Based Education (OBE) in Teacher Training
- Gender Perspectives and Social Justice in AI-Enabled Education
- Psychological Impact of AI on Teacher Motivation, Attitude, and Self-Efficacy
- Indian Philosophical Perspectives on AI and Education
- Sociological Implications of AI in Teacher Education
- AI for Multidisciplinary and Holistic Teacher Education (NEP 2020)
- Digital Empowerment of Teachers: AI Initiatives under NEP 2020
- AI as a Tool for Transforming Teacher Education
